PROFILE

Proficient junior software engineer with 1 year of experience in designing, developing, and implementing software applications. Utilize Java, C#, and Python to write scalable, secure code with a knack for problem-solving. Successfully optimized a software program resulting in a 30% efficiency increase.

WORK EXPERIENCE

Software Developer, Tata Consultancy Services

Jan 2022 - April 2023

- Developed and maintained enterprise-level applications using Java, Spring Boot, and microservices architecture, improving application performance by 30%.
- Collaborated with cross-functional teams to gather requirements and design scalable software solutions tailored to client needs.
- Implemented RESTful APIs, enhancing data exchange between front-end and back-end systems, which reduced response times by 25%.

May 2020- July 2021

Software Engineer Intern, Reliance

- Collaborated with a team of developers to design, develop, and test software applications, enhancing functionality and user experience.
 - Assisted in the development of web applications using technologies such as HTML, CSS, JavaScript, and React, resulting in a 20% improvement in load times.
 - Participated in daily stand-up meetings and contributed to agile methodologies, helping to streamline project workflows and communication.
-

EDUCATION

St Clair College

Sep 2023 - April 2026

Advance Diploma

Mobile Application Development

Relevant Coursework:

- Mobile Application Development (iOS & Android)
 - UI/UX Design Principles
 - Database Management
-

ADDITIONAL INFORMATION

- **Technical Skills:** Java, Python, JavaScript, C++
- **Languages:** English, Hindi
- **Soft Skills:** Communication, Teamwork and Collaboration, Problem-Solving
